POSTMASTER IS SHOT

Physicians Say He Cannot Survive as His Spinal Cord Was Cut—The Man Who Committed the Crime Has Escaped.

Austin, May 3.—Trouble with renewed vigor broke out again early this morning at Lytton Springs, 25 miles southeast of here, by the shooting and fatal wounding of H. W. Harris, the postmaster of that place, by Joe Holden, a citizen of Lytton Springs.

Holden, it is said, walked into the postoffice with a double-barreled shotgun, loaded with buckshot, and without warning fired both barrels into the body of Harris. His right arm and leg were shattered. The next shot lodged in his back and cut the spinal cord.

Harris can live only a short time, as the doctors summoned pronounced the wound in the back fatal.

Holden made his escape and officers are in hot pursuit and expect to capture him.

The shooting created great excitement in the vicinity of Lytton Springs, and citizens are arming themselves and preparing for the worst, as it is expected that there will be another pitched battle between the two factions and also with officers.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not nourish a particular part of the body but it will sustain every other part. Yet, however good your food may be its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. The civil engineers for the Rock Island and International and Great Northern railroads were in Madisonville last Saturday for the purpose they said of locating depot grounds for their respective roads. They both looked over the town well and took a bird's-eye view of the same from the court house tower. They left during the afternoon, neither giving any intimation of what they would recommend. It is reported that the Rock Island people will propose to go in with the I. & G. N. in building a union depot at this place, should their road run here.—Madisonville Meteor.

WASHINGTON NOTES.

The House Passes Anti-Conspiracy Bill Without Debate.

AFTER TAX DODGERS

Resolution Demanding Gardner Summons from the Philippines Still Unacted upon by the Senate—Fair Is Postponed.

Washington, May 3.—At the opening of the session of the house Friday, the speaker laid before the house a letter from Secretary of the Navy Moody, notifying him that he had sent his resignation as a representative from the Sixth Massachusetts district to the governor of Massachusetts.

The house then resumed the consideration of District of Columbia bill. The amendment to provide for personal taxation in the District of Columbia was offered by Mr. McCleary of Minnesota, who was in charge of the bill.

Mr. Bellamy of North Carolina said that Washington was becoming the mecca for tax dodgers. He said the millions of dollars worth of property outside of Washington escaped taxation because the owner claimed residence in Washington. The amendment was finally adopted without dissent and the bill was passed.

The bill to provide for diplomatic and consular service in the Republic of Cuba was passed. It carries the following salaries: \$10,000 for a minister; \$2000 for a first and \$1500 for a second secretary of legation; \$5000 for consul general at Havana, and \$3000 each for the consulates at Cienfuegos and Santiago.

Mr. Ray, chairman of the committee on judiciary, called up the bill to define the meaning of the word "conspiracy," in injunction cases. It was passed without a word of debate.

The bill is as follows: That no agreement, combination or contract by or between two or more persons to do or procure to be done, or not to do or procure not to be done, any act in contemplation or furtherance of any trade dispute between employees in the District of Columbia, or in any territory of the United States, or between employers and employee, who may be engaged in trade or commerce between the several states or between any territory and another, or between any territory or territories and any state or states, or the District of Columbia, or with foreign nations, or between the District of Columbia and any state or states, or foreign nations, shall be deemed criminal, nor shall those engaged therein be indictable or otherwise punishable for the crime of conspiracy. If such act committed by one person would not be punishable as a crime, nor shall such agreement, combination or contract be considered as in constraint of trade or commerce, nor shall any restraining order or injunction be issued with relation hereto.

Nothing in this act shall exempt from punishment otherwise than as herein excepted, any persons guilty of conspiracy for which punishment is now provided by any act of congress, but such act of congress shall, as to the agreements, combinations and contracts hereinbefore referred to, be construed as if this act were therein contained.

The Senate.

Washington, May 3.—At the conclusion of routine business in the senate Friday the resolution offered by Mr. Patterson of Colorado requesting the president to cause the secretary of war to cable to Major Gardener in the Philippines to come to Washington immediately to appear as a witness before the Philippines committee was laid before the senate. The resolution went over.

The bill to ratify an agreement with the Sioux Indians of the Rosebud reservation, South Dakota, was taken up. The discussion was interrupted by Mr. Stewart with the conference report on the Indian appropriation bill, which was agreed to.

A letter from the secretary of state was read suggesting a postponement of the opening of the St. Louis exposition from 1903 to 1904.

In this connection Mr. Cockrell of Missouri offered an amendment to the sundry civil appropriation bill providing that the exposition should be opened to visitors on May 1, 1904, although the dedication of the government buildings should be held not later than the 30th of April, 1903. The papers and amendment were referred to the committee on appropriations.

The amendment of Mr. Platt of Connecticut to the Rosebud reservation bill, striking out the provision of the bill providing for free homes on the lands to homestead settlers, was rejected, 19 to 23.

Mr. Pritchard of North Carolina spoke in support of the Philippines bill. He declared that a majority of the people of North Carolina and of the south were in favor of the proposition of the majority of the Philippines committee. His statement led to a sharp colloquy between himself and Senator Simmons of the same state on purely political lines.

Justice and Associate Justice.

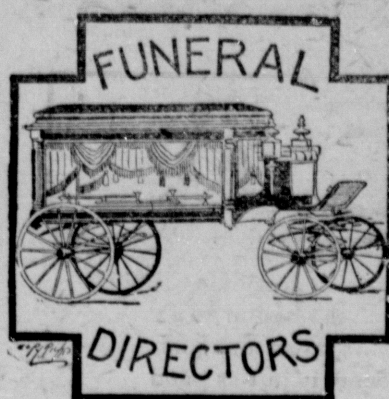

Washington, May 3.—The president has sent the following nominations to the senate:

Jos. R. Reed of Iowa to be chief justice, and Henry C. Struss of Kansas, William W. Murray of Tennessee, Wilbur E. Stone of Colorado and Frank I. Osborne of North Carolina, associate justices of the court of private land claims.

The civil engineers for the Rock Island and International and Great Northern railroads were in Madisonville last Saturday for the purpose they said of locating depot grounds for their respective roads. They both looked over the town well and took a bird's-eye view of the same from the court house tower. They left during the afternoon, neither giving any intimation of what they would recommend. It is reported that the Rock Island people will propose to go in with the I. & G. N. in building a union depot at this place, should their road run here.—Madisonville Meteor.

In response to the call issued yesterday by Mayor Wm. Shelton, about sixty citizens of Marlin assembled at the Arlington hotel last night for the purpose of taking action with respect to the location of the I. & G. N. shops in Marlin. Judge Shelton was called to the chair and stated the object of the meeting. Motion of W. W. Allen, a committee was appointed to go to Palestine to confer with General Superintendent Leroy Trice, and ascertain from him what the

MORO FORT SHELLED.

Philippines Refused to Answer the Ultimatum of Davis.

Manila, May 3.—General Davis in command of the American forces in the island of Mindanao, cabled that his ultimatum has not been answered; that his messenger has not returned and the American outposts were fired upon.

Troops advanced and shelled Moro fort, but did not capture it until the infantry reached the ditches. This fort was strong and well defended by 300 men. Fort Panda Padlo was then surrounded and heavily shelled. Heavy firing continued as the dispatch was sent.

General Davis also reports that Lieutenant Henry S. Wagner of the Fourteenth infantry, had been seriously wounded, two other officers slightly wounded, and 20 enlisted men wounded.

GARRISON RELIEVED.

British Columns Go in Touch With Comrades at Port Nolloth.

Cape Town, May 3.—Reports which have reached here via Port Nolloth Western Cape Colony, dated April 19, are to the effect that the British columns are now in close touch with the British garrison at Okiep, about 90 miles inland from Port Nolloth, and the relief of the British force there was practically completed. Heliograph communication have now been established between Okiep and Klipfontein 50 miles distant.

It has in this way been learned that women and children at Okiep have taken refuge in the fortified school house there. Three civilians and one girl have been killed in the town by the long range fire from the Boers.

Another Botha Captured.

Pretoria, May 3.—Colonel Parker reports that on April 30 he captured Commandant Manie Botha, his adjutant and 11 others near Frankfort, Orange River Colony. Manie Botha is a nephew of the commandant general and Gen. Dewet's ablest lieutenant.

WASHINGTON NOTES.

The House Passes Anti-Conspiracy Bill Without Debate.

AFTER TAX DODGERS

Resolution Demanding Gardner Summons from the Philippines Still Unacted upon by the Senate—Fair Is Postponed.

Washington, May 3.—At the opening of the session of the house Friday, the speaker laid before the house a letter from Secretary of the Navy Moody, notifying him that he had sent his resignation as a representative from the Sixth Massachusetts district to the governor of Massachusetts.

The house then resumed the consideration of District of Columbia bill. The amendment to provide for personal taxation in the District of Columbia was offered by Mr. McCleary of Minnesota, who was in charge of the bill.

Mr. Bellamy of North Carolina said that Washington was becoming the mecca for tax dodgers. He said the millions of dollars worth of property outside of Washington escaped taxation because the owner claimed residence in Washington. The amendment was finally adopted without dissent and the bill was passed.

The bill to provide for diplomatic and consular service in the Republic of Cuba was passed. It carries the following salaries: \$10,000 for a minister; \$2000 for a first and \$1500 for a second secretary of legation; \$5000 for consul general at Havana, and \$3000 each for the consulates at Cienfuegos and Santiago.

Mr. Ray, chairman of the committee on judiciary, called up the bill to define the meaning of the word "conspiracy," in injunction cases. It was passed without a word of debate.

The bill is as follows:

That no agreement, combination or contract by or between two or more persons to do or procure to be done, or not to do or procure not to be done, any act in contemplation or furtherance of any trade dispute between employees in the District of Columbia, or in any territory of the United States, or between employers and employee, who may be engaged in trade or commerce between the several states or between any territory and another, or between any territory or territories and any state or states, or the District of Columbia, or with foreign nations, or between the District of Columbia and any state or states, or foreign nations, shall be deemed criminal, nor shall those engaged therein be indictable or otherwise punishable for the crime of conspiracy, if such act committed by one person would not be punishable as a crime, nor shall such agreement, combination or contract be considered as in constraint of trade or commerce, nor shall any restraining order or injunction be issued with relation hereto.

Nothing in this act shall exempt from punishment otherwise than as herein excepted, any persons guilty of conspiracy for which punishment is now provided by any act of congress, but such act of congress shall, as to the agreements, combinations and contracts hereinbefore referred to, be construed as if this act were therein contained.

ASTIN-CONWAY.

Another Brilliant Wedding of Marked Social Interest.

Miss Myrtle May Conway and Mr.
Ervin Hugh Astin were the central
figures in a brilliant wedding cele-
brated in the First Baptist church last
night at 9 o'clock. Employing a
beautiful service in which the ring
was used, Dr. W. C. Friley, the pas-
tor pronounced them man and wife.

The church decorations were a
marvel of classic beauty arranged
under the direction of Mrs. W. S.
Howell. Massive white columns,
with clinging vines and bride's roses,
stood before the altar on either side
the center aisle. Upon the dais
were banked palms, ferns and queen-
ly lilies. Inseparable hearts of
bride's roses and a marriage bell
were suspended from above, candles
shed their soft radiance over all,
garlands and festoons of southern
smilax and white roses adorned the
window arches and extended in
graceful sweeps from walls to chan-
daliers. The effect was beautiful in
the extreme.

Miss Jennie Howell presided at
the organ and just before the arrival
of the wedding party Miss Carnes
sang "Why I Love You." Lohen-
grin's wedding march in the swell-
ing notes of the pipe organ announ-
ced the entrance of the party, the la-
dies and gentlemen passing down
opposite aisles and crossing over in
front of the altar. The attendants
were Miss Lillie May Jones and
Will R. Thomas, Miss Elma Har-
bers and S. W. McConico, Miss
Lavenia McConico and T. W. Grif-
fiths of Dallas, Miss Ozelle Doremus
and Dr. Will Taliaferro, Miss Arrie
Cole and Will Johnson, Miss Mabel
Robinson and O. E. Saunders. Mas-
ter Jim Astin and Miss Ray Conway
came next, passing down the center
aisle together, followed by Mrs.
James Coke Dillard of Texarkana,
matron of honor, and Miss Daisy
Astin, maid of honor. The bride
followed, leaning upon the arm of
Dr. J. L. Fountain, and met the
groom at the altar accompanied by
his brother and best man, Mr. John
E. Astin. The impressive words of
the service were accompanied by the
silvery tinnabulations of small
bells rung with ribbons by Master
Jim Astin and Miss Ray Conway.
Dr. Fountain gave the bride away.

After the ceremony the party passed
out to the notes of Mendelssohn's
wedding march and repaired to the
elegant home of Mr. and Mrs. T. K.
Lawrence where a reception was
tendered. There the decorations of
white and green were also in exqui-
site taste. Ferns, smilax and white
roses were used in the reception hall,
library and parlor. The bride and
groom stood to receive congratula-
tions beneath lovely folds of ribbon
with white roses and ferns. The
dining room presented a scene of
indescribable beauty. The snowy
linen and rich table service was lit
up by incandescent lights and a
magnificent cut glass candelabra.
Garlands of roses, smilax and maid-
en hair ferns extended from the
corners of the table to the chanda-
lier, beneath which was a center
piece of calla lilies. The refresh-
ments were white roses and angel
food cake. Punch was served be-
neath a bower of daisies by little
Misses Mary Ross Parker, Allie and
Ray Conway.

Guests were received in the hall by
Mrs. O. H. Astin, Mrs. G. S. Parker
and Mrs. T. K. Lawrence, and in the
parlor by Mrs. J. C. Dillard, Mrs.
Frank Clarke, Mrs. Si Packard and
Mrs. W. E. Astin.

A Mexican string band supplied
music throughout the evening and
a large tarpaulin stretched on the cool
and brilliantly lighted lawn afforded
an opportunity for dancing.

The bride's dress was of white
tucked chiffon over white taffeta
with meehlin lace and accordion
plaited ruffles, bridal veil caught
with a diamond sunburst, and lilies
of the valley. She carried a shower
bouquet of white carnations. All the
lady attendants wore white orga-
ndie over white taffeta with arm bo-
quets of pink La France roses.

The bride and groom were both
reared in Bryan and number their
friends by the hundreds. The bride
is a popular member of the Bachelor
Girls Club and a young lady possess-
ing both artistic and domestic ac-
complishments directed by superior
intelligence. The groom is a gradu-
ate of the A. and M. College, a suc-
cessful young planter and a director
of the City National Bank of Bryan.
He is also a genial and popular
young man of excellent character.

Mr. and Mrs. Astin left last night
for a six weeks tour of the west and
the Pacific slope.

THE CAUSE OF ACTION

It Is Said He Used His Influence to Obtain United States Depository for a Beaumont Bank Contrary to Administration.

Washington, May 7.—It is announced that the president has demanded the resignation of Dr. John Grant, United States marshal for the Eastern district of Texas.

Some weeks ago complaint against Dr. Grant were filed with the president and since that time the matter has been under investigation. The complaint was that he had used his influence to have a Beaumont bank made a United States depository. In the opinion of the president this was quite improper. Dr. Grant unhesitatingly admitted that he had strongly urged the Beaumont bank as a government depository, but the president thought that United States officials should not use their influence for such purposes.

Buda Pest, May 7.—"As in the past, so in future, the constant endeavor of my government will be directed to fostering close relations with our allies, well feeling that confidence with all other powers would contribute to the maintenance and consolidation of European peace."

This most interesting passage, from a general international view, is the reply of Emperor Francis Joseph to the address of delegations of Austria-Hungary at a reception held in the castle at Buda.

The emperor also made a brief, but important reference to the Balkan situation, saying: "Our unvarying events near the east are conducive to continued maintenance of order and tranquility of those regions."

Massachusetts Club Women See Their Pet Plans Knocked Out.

Los Angeles, Cal., May 7.—Tuesday may be chronicled as the day when Massachusetts club women saw all their pet plans, for which they have been fighting two years, go down before the vote of the convention.

Final defeat was given to the admission of colored women's clubs, efforts to down the individual club as a step toward reorganization through state federations only failed, and the plan to reduce the per capita tax from 10c to 5c was rejected.

The free issues were defeated in the midst of intense excitement on both sides. But the struggle left no feeling of bitterness and the union of the south and north, as far as the woman's clubs are concerned, promises to remain firm for some time.

SIX LIVES LOST.

Result of a Cloudburst That Swept a Portion of Oklahoma.

Oklahoma City, O. T., May 7.—It is now known that six lives were lost in the cloudburst at Foss, on the Choctaw and Oklahoma railroad. Fifteen houses were carried away and a Choctaw passenger train had a thrilling race to escape the flood that followed.

The dead:

Mrs. Butterfield and grand daughter.
Mrs. Hutchinson.
Mrs. Morgan and son.
Man, name unknown.

Foss is a town of 800 people. It was built mostly on high ground, but extended into the valley. The cloudburst struck Turkey creek some distance from Foss at 4 o'clock in the afternoon, raising the waters of that stream and the Washita river to a depth of nearly ten feet. The flood reached Foss at 6:30 o'clock, coming with such suddenness that the people in the valley could not reach high ground.

From Elk City to Foss, the Choctaw railway follows Turkey creek for a distance of 16 miles. Below Foss the creek crosses under the Choctaw track and empties into the Washita which the Choctaw crosses further east. The train crew saw the wall of water descending the creek and began a race for the bridge across the Washita. The train barely got into Foss in time before the bridge over Turkey creek was swept away. The train finally reached Weatherford, after encountering numerous bad places in the track and was compelled to remain there because of washouts ahead.

Washington, May 7.—The cases of alleged assault against Senator Money of Mississippi, O. H. Shaner, a street car conductor and James E. Hooper, a truck fireman, in the fire department, all growing out of a street car altercation about ten days ago, were nolle prossed and formally abandoned in the police court Tuesday after a vigorous contest between counsel.

Miners Pardoned of Contempt.

Washington, May 7.—The president has granted pardons in the cases of William H. Weber, John Haddow, Tom Braley, Cass Braley and David Clarkson, of the United Mine Workers, sentenced to jail by United States District Judge McDowell of the Western district of Virginia for contempt of court in violating court orders.
